# Progressing with the

THE General Motors' Policy of Progress has brought about many innovations ... many improvements ... many evidences of advancement during the past year. Every General Motors' car bears witness to this constant and consistent progress.

Two new cars . . . the Viking and Marquette . . . now take their place in the General Motors family, beside their illustrious fellow members, Chevrolet, Pontiac, Oldsmobile, Oakland, McLaughlin-Buick, La Salle and Cadillac. These new cars have been designed and produced to widen still further the scope of General Motors service to the Canadian car-owner, to give added meaning to the General Motors' statement, "A Car for Every Purse and Purpose."

And, whether it is the designing of a new car or an increase in the quality and value of those already existing, every step in this progress is a tribute to the Open Mind with which General Motors seeks always to meet its own problems and the needs of the public it serves.

## "It's Better because It's Canadian"

N O empty patriotic boast is this: "It's better because it's Canadian!"

Facts support it, detail by detail . . . cold, unalterable facts!

Canadian shops and factories and mills are the ones that cling to the proud traditions of an ultra-conscientious industrial age.

Canadian workers in metals and woods and fabrics are known for superior individual craftsmanship.

From Canadian forests comes lumber supremely adaptable to lathe, plane and chisel. From Canadian mines come ores of iron, copper and nickel, the like of which no other nation boasts. From Canadian farms come wool and curled hair for use in upholstery, admired the world over. And out of these Canadian materials are built General Motors of Canada cars . . . by Canadian craftsmen, to Canadian standards, for Canadian use.

—Chevrolet, Pontiac, Oldsmobile, Marquette, Oakland, Viking, McLaughlin-Buick, La Salle, Cadillac . . . are better . . . because they are Canadian.

Mark Twain once said: "October is an Unlucky Month

In which to gamble. The others are: January and August, December and March, September, November and April, June, February, May and July." Why take your printing to a place where it is a "gamble twelve months of the year whether the work will be satisfactory to be satisfied.

Try as a be satisfied.

Mark Twain once said: "October is an Unlucky Month

In which to gamble. The others are: January and August, December and March, September, November and April, June, February, May and July," Why take your printing to a place where it is a "gamble twelve months of the year whether the work will be satisfactiff executed? All the year through we compete to please you. Try as and be satisfied.

## YES. THE KIND OF PRINTING YOU USE

Often decides the amount of attention given to your appeal for business. The cost of good printing is low, because it succeeds. There is a kind of printing that is expensive at any price, because it is "bus stuff." By placing your order with us you are insured against poer workmanship.
